PARADISE POOLS & SPAS NJ

Dinner is done, the laundry is in its final spin cycle, the kids are in bed and now it's your prime time. Time to relax, unwind and let the day's troubles melt away. It's time to slip into your 102 degree Paradise Spa.

As you immerse yourself and let the hydromassage jets do all the work, you realize the only thing missing is candlelight and soft music. Not to fear though, simply reach for the remote control, activate the soft LED light in motion and set the built in DVD player to your favorite Bocelli album. After 20-30 minutes of this pampering, you're ready to relax the rest of the night away, looking forward to a great night's sleep. Such an experience awaits you at Paradise Pools and Spas NJ (PPSNJ), the "Backyard Place" in Brick, NJ. Bring your bathing suit and towel in and test soak a new Limited Edition Venza TV/DVD spa. With 105 dedicated jets and seating for 6, this pleasurable spa is entertaining for the entire family. We are Authorized Raindance, Dynasty

and Garden Leisure Spa dealers. PPSNJ has also taken the guesswork out of keeping your spa and pool water perfectly balanced while using an absolutely minimum amount of chemicals. AquaFinesse, pure, clean and simple, once weekly treatment keeps your water environmentally friendly and silky smooth, like a European spa treatment.

As summer approaches and warmer weather allows more opportunities to enjoy your back yard, the Backyard Specialists at PPSNJ offers a wide range of services for your convenience. From pool openings, Merlin replacement liners & safety covers, weekly pool maintenance programs conducted by certified pool and spa technicians (your personal pool boy), Weber and Primo grills (assembled and delivered). Our local store carries a large assortment of toys, floats, grill accessories, a complete line of pool and spa chemicals, replacement filters and cartridges as well as unique items such as pool robots and solar pool heating installations.

In the market to purchase an inground swimming pool? PPSNJ offers a variety of shapes and sizes from Freeform, Rectangular, Kidney, L-shaped, Grecians and Romans with amenities such as stamped concrete decks to waterfalls. One thing has become clear over the past few years: A pool is no longer just a pool. Instead, it has become the focal point of an elaborate outdoor living space that may include everything from an outdoor kitchen and dining area to a firepit and raised paver patios, specialties of the "Backyard Place".

Meanwhile, the proliferation of automatic sanitization systems will ensure that the pool contains a sufficient amount of sanitizers — eliminating the chance of human error, hours of maintenance and hundreds of dollars in chemicals. Plus, the use of alternative purification technology, such as Salt Systems, which create a silky

smooth naturally provided chlorine with no burning of the eyes as found in most chlorine pools.

As a custom pool builder, we specialize in creating a backyard paradise, not from a pre-specified cookie-cutter pool kit, instead... incorporating our clients ideas, needs and must-haves into a project that emphasizes family fun and togetherness.

For consumers buying a pool in 2010, satisfaction is virtually ensured. With countless design options, easy maintenance and earth-friendly operation, pool ownership has never looked more attractive.

Stop in for a visit or consult with one of the owners in the comfort of your home. Before you purchase a pool, be sure to contact us for a copy of the 2010 edition of *"The Buyers Guide - Everything you need to know about buying a pool. What to look for and what to watch out for"* And on a final note, be sure to check us out at the Better Business Bureau (BBB) website: <http://www.bbb.org/new-jersey/business-reviews/swimming-pool-contractors-dealers-design/paradise-pools-and-spas-nj-in-brick-nj-90009939>
