

# Always Casual But Fashionable At Barbara's Boutique

*The holidays have passed but there's still cause for celebration:*

you can now purchase winter fashions from Barbara's Boutique while enjoying a 50% - 80% savings on selected apparel. It is a perfect time to purchase the frilly top, t-shirt or layered sweater to coordinate with the jeans, dress slacks or skirt you received as a Christmas present.

An extra bonus of shopping at Barbara's is that you will be helping women owned businesses globally.

Barbara now carries **Lalu Scarves**, a company that was launched to help defray the costs of Global Reach International, which funds projects in Nepal that help women. These beautiful scarves, 90% cashmere and 10% silk, are hand-crafted by Nepali women. They are available in blue, orange, red, teal and many other colors and patterns. It's a good feeling to know that by purchasing a beautiful, practical scarf, you are also helping women across the continents.

Another breath-taking line of cashmere/silk scarves is the Kinross watercolor scarf, which will remind you of a fine painting draped around your shoulders and neck. It looks terrific with a dress, blouse, shirt, or the ultimate layered look.

### Kinross Cashmere Watercolor Scarf

Kinross cashmere and silk blend accessories add style and warmth to every outfit. The elegant pale pink scarf with rich watercolor floral print is unimaginably soft and timelessly stylish. This scarf will make a great addition to your wardrobe and also a thoughtful gift.

Another treasure you can find at Barbara's is the Johnny Was floral print silk blouse with frilled, v-shaped neckline, long sleeves, and frilled cuffs. The brilliant colors and designs will complement any type of slack or jeans. The chic, unusual styling will transform an ordinary pair of pants into an extraordinary outfit for any occasion.

As the winter fashions leave the boutique, Barbara is already displaying exciting new lines of spring and resort wear. If a short trip to warmer climates is part of your plans during the months of February through April, you'll find all the fashion ensembles you need at Barbara's in January.

There is an assortment of capris, ankle pants, dresses, and t-shirts, as well as travel, home, yoga, and work collections from Neon Buddha. Here's another instance where you can feel good about shopping at Barbara's: the Canadian designer and producer of Neon Buddha assists non-governmental women's groups by sending them their excess fabrics for use in income-generating projects.

ISDA & CO, a socially and environmentally conscious clothing line, is also available at Barbara's. The company's beautifully crafted, sophisticated clothing, made with organic, fair-trade cotton, never goes out of style. It will carry you from the workplace to dinner and beyond.

Don't overlook the chic and comfortable Minnie Rose's 100% lightweight cashmere summer sweaters or hoodies. The Minnie Rose cashmere garments are as light as a summer breeze and are available in almost any color, complementing both the blonde and brunette's hair and skin colors.

Lastly, you will find the clean, simple lines, luxurious soft fabrics and brilliant colors of Allen Allen clothing, a perfect selection for your mid-winter trip to a sunny locale. The

clothing line was inspired by the beaches and beauty of Southern California.

*Start your New Year off right, with a shopping trip to Barbara's boutique, where a talented and friendly staff will meet any and all of your fashion needs.*

You will leave the store with a bounce in your step and a smile on your face! You'll want to return for Barbara's beautiful clothes and caring service throughout every season of the year.
