About the Innkeepers:

Lynne and Alan Kaplan, owners of The Victoria House Bed and Breakfast, Spring Lake, New Jersey, grew up with very different backgrounds. Lynne was raised in Alabama and grew up in a typical suburban neighborhood filled with southern charm.

Alan grew up in the Bronx, New York. He was a city kid who took subways to school and had the sidewalks as his backyard.

Somehow in the late 80's these two came together for a business meeting in Minneapolis, Minnesota. Lightning struck and it was love at first sight, although it took another couple of years for them to get together and realize they were made for each other. They were married in 1994 and due to Alan's job, moved to New Jersey where for the next 14 years both worked in the electronics industry. They would take long weekends in Cape May and stay at Bed and Breakfasts, and over the years thought it might be a good way to put down roots, stop all the traveling for business and work for themselves. Lynne quit her job and enrolled in culinary school, something she had always wanted to do but never had the chance. Alan continued to work until she was almost finished with school, when on a weekend drive they drove to Spring Lake to check out a bed and breakfast they had found on the internet. It was perfect so they bought it, and in July 2002, started running the Victoria House.

It has been a great 8 years and they have met a lot of wonderful people and made some very good friends.

Guest Testimonials

"Your Inn was a wonderful place to spend our relaxing getaway. Great food, Lynne and Alan are very friendly and helpful, beautiful house and very comfortable rooms. We used to go to Cape May but hated the crowds. Spring Lake is quiet with a beautiful beach and a quaint little town with great shops. We loved the location of the Inn. It was so easy to walk to the beach and the town and that evening ice cream cone. We highly recommend both the Victoria House and Spring Lake and will be back soon"
